Motion carried unanimously by a roll call vote.

**PUBLIC HEARING**

**Adopting an Ordinance for the Fulton Village Annexation and Initial Zoning to Planned Unit Development (PUD) and Annexation Agreement**

Mayor Holton opened the Public Hearing at 7:05 p.m. and indicated to the audience this portion of the public hearing was the annexation and zoning; testimony for the sketch plan will be held during that public hearing. Mayor Holton stated everyone will be allowed three (3) minutes of comments and if another citizen has stated your comment, please confirm by saying "ditto". Prior to testimony given, Councilmember Zoe Stieber expressed her concern about having a conflict of interest. She stated that she is the executor to her Dad's estate and the family does have property near this proposal. Ms. Stieber removed herself from the room until the public hearings are closed and motions are given.

Planner Todd Hodges informed Council and the audience the details regarding the annexation. The project is for an annexation and initial zoning as well as a sketch plan with the adjacent property already in the City. The subdivision process is a three step process. The sketch plan being presented is not a vesting project but rather a direction. It is not a public hearing it's a public meeting because the applicants are receiving direction. The Planning Commission will be reviewing the annexation and initial zoning and provide a recommendation of the sketch plan to City Council with comments. If successful, there will be another public hearing for a preliminary and final PUD plan. The process would then start again. If the multifamily portion of this project is successful then it must go through the site plan review process that will be reviewed before the Planning Commission and City Council. The main item for this project is annexation and zoning. This is an infill project where services surrounding the property are available and would raise property values. The property is owned by Fulton Village LLC, with the Weld County zoning as R-2. The Lambert property is currently in the City limits; however, a small strip of land on this property along S. McKinley Avenue was not originally annexed in. The current zoning of the Lambert property is R-1A. If this project proceeds, the next step would be the preliminary plat followed by the final plat for a PUD. All referral comments have been reviewed with comments in the resolution. After staff reviewed the project, a meeting was held with Aaron Thompson, the representative for Fulton Village to discuss and review several items. The concept that will be presented tonight is an updated concept based on staff's direction. The updated concept that was presented is attached to these minutes. The sketch plan is not a vesting concept but it is appropriate to comment on the project. The annexation is a clear boundary of the proposal with the unplatted portion that is already part of the City. Peaceful Acres is located on the east and is zoned R2, with Lone Pine Estates as single family to the west. The general layout fits within the purview of the area. Residential is

needed in the city, with diversity near the school. A park and trail area are being proposed as part of the Plan. The applicants are present and have provided a presentation.

Aaron Thompson with Aperio Property Consultants LLC, representative for Fulton Village LLC, presented a PowerPoint on the project. Mr. Thompson stated that Fulton Village is a 14 acre site that includes a piece of property that was not annexed by the City during the first annexation of the Lambert property. Of the 14 acres, about 3 acres will be dedicated right of way. The proposed project is residential with single family and multi-family dwellings as well as a proposed park that includes a regional trail that is keeping with the City's parks and trails master plan. Mr. Thompson continued that the project site is bordered by S. Fulton Avenue on the west; Kahil Street on the north; Lone Pine Street on the south; and S. McKinley Avenue on the east. Lone Pine Estates Subdivision is across the street to the west; Country Day Estates Subdivision to the south; Peaceful Acres Subdivision to the east; and the school to the north. He also noted that Lone Pine Street and S. McKinley Avenue are mainly in the county. He indicated the revised lay out of the plan is still in the concept stage. The concept being developed includes many different product types; multi-family, single family, as well as a park. On 12 acres it is difficult to get too many types of uses on the space efficiently. The proposed design is for three different residential housing types. The revisions from the original plan eliminated the need for cul-de-sacs. The Fire Marshall did not want the cul-de-sacs. Also, Mr. Hodges had talked about S. Hoover Avenue connecting all the way through to Kahil, but there are a few reasons for not connecting. First, traffic in and out of this subdivision doesn't need to use Lone Pine Street. The width of Lone Pine Street is about thirty feet wide. Also, we feel that most of the traffic goes to S. Fulton Avenue and onto Highway 52. A through street from S. Fulton Avenue to S. Hoover Avenue would cause traffic issues, particularly with the trail. The concept for the apartments has changed to a more efficient layout and more segregation of traffic versus the traffic for residential. The trail will start at Kahil Street and go through the park to end at Lone Pine Street. The park will consist of a playground. The smaller lots are much like the homes in a project called Parkview in Golden, Colorado. Homes in the subdivision are age restricted to fifty-five plus but this is not being proposed here. The alleyway on the plan consists of garage doors that are front loaded doors. Front doors and garages are accessed from the front. The alley that is being proposed will be thirty feet wide. The proposed homes are to be about 1500 to 1800 square feet with the possibility of a basement. The prices would range between high \$200,000 and the low \$300,000.

***The following is a synopsis of the public hearing. The recording of the hearing was inaudible. The minutes reflect the citizens comments in general.***

Mary Anne Merritt resides at 920 S. Fulton Avenue. Concerns about her property rights and value. What about future development for sewer/water for Pleasant Acres? Wants to work together.

Christine Long resides at 725 South Fulton. Concerns: drainage issues.

Jeremy Campbell resides at 865 South Fulton. Concerns: zoning issues; R-1, Single residential, and R-3, Multi-Family. Like the apartment complex. The area needs to be cleaned up. Needs assistant living units and places to walk to the market.

**RECORD OF PROCEEDINGS**  
**FORT LUPTON CITY COUNCIL/ENTERPRISE BOARDS**  
**March 28, 2016**

Mary Anne Merritt resides at 920 South Fulton. Concerns: the developer needs to pay their own way. Sidewalks and curbs needs to be part of the project.

Diane Jewel resides at 740 South Broadway. Concerns: How can the City annex additional property and they can't maintain what is already in the City. Pot holes in the streets need to be repaired.

Theodore Herrick resides at 950 South Hoover. Concerns: is against the multi-family portion of the project, however is in favor of the single family portion.

Glenn Cook resides at 200 Kahill. Concerns: the septic and water situations.

Charles Emery resides at 880 South Fulton. Concerns: look-a-like homes. Retired in 1969 and moved to Fort Lupton. Like the area, needs more commercial.

Penny DeMille resides at 856 McKinley. Concerns: the multi-family portion of the project. Would the residents in Apple Farms want apartments part of their development? She also doesn't want patio homes; to small of lots.

James & Linda Jones reside at 855 South McKinley. Concerns: this project has a 25% higher density than other subdivision in the City limits. The traffic will become an issue; it is already and issues. There are bottlenecks at Lone Pine and Fulton.

Sandi Harman resides at 940 South Fulton. Concerns: The traffic at this location without the development is a huge concern. Doesn't like the multi-family portion of the project. Speeding can be an issue also.

Ethel Geary resides at 615 South Fulton. Concerns: this development will lower her property values. Not happy about the multi-family portion of the project.

There being no further comments or questions, Mayor closed the public hearing at 7:25 p.m.

It was moved by Chris Ceretto and seconded by Bob McWilliams to adopt Ordinance 2016-998, ADOPT ORDINANCE 2016-998 ANNEXING AND ZONING LAND LEGALLY DESCRIBED IN EXHIBIT "A" KNOWN AS THE FULTON VILLAGE ANNEXATION AND INITIAL ZONING TO PUD PLANNED UNIT DEVELOPMENT WITH R-1, R-1A, R-2 AND R-3 USES PERMITTED AND APPROVING THE ANNEXATION AGREEMENT. Motion carried unanimously by a roll call vote. Councilmember Zoe Stieber had recused herself from the meeting, so she was not part of the motion.

**AM 2016-045. Approve A Resolution for the Fulton Village Subdivision Sketch PUD Plan**

Mayor Holton opened the Fulton Village Subdivision Sketch PUD Plan public hearing at 7:28 p.m. Mayor Holton stated this portion of the meeting was for testimony regarding the Sketch

PUD Plan. This is a Sketch PUD Plan, the applicant will listen to the testimony and then may makes changes to their plan.

Christine Long resides at 725 South Fulton. Concerns: the multi-family portion of the project.

Mary Anne Merritt resides at 920 South Fulton. Concerns: The city can't keep up with the maintenance of street already and they to add additional roads won't help the situation. She had complained about a street sign and it was never repaired.

Luke Johnson resides at 871 South Hoover. Concerns: traffic, lower property values, adding 230 additional homes within the proposed area, drainage, water, to small of a proposed park and wants no multi-family homes in this area.

Leo and Beverly Andrews resides at 930 South Hoover. Concerns: over developed for this area, apartments bring ghetto concerns, drainage issues, effects to the school (to many additional students), traffic and density. Also there is never any police presence in this area.

Richard Struck resides at 281 Kahill Place. Concerns: street cleaning during snow storms, maintenance of streets, parking will impact the adjacent property owners, alleys are too small, the dead end street within the development, effects to the traffic coming into town on Highway 52 and is ok with single family dwelling, not to multi-family apartments.

Mike McCammon resides at 835 South Boardway. Concerns: additional parking required for the project; taking parking away from adjacent property owners.

Greg Salyer resides at 450 Barry Street. Concerns: parking issues, trash and debris from the apartment complex, consider changes prior to final plat.

Larry Leis resides at 865 South Hoover. Concerns: Drainage issues – flash flooding already in this area. Lots of homes have their basements flooded when rain storms. No to the multi-family, possibly yes to the single family portion of the project.

Penny DeMille resides at 856 South McKinley. Concerns: traffic, consider removing the apartment portion of the project. Drainage.

Gary Merritt resides at 920 Fulton. Concerns: Drainage, safety for the children to play. Maintenance issues for the multi-family units.

Rosalie McMillian resides at 715 Fulton. Concerns: love the field, no development. Concerned about the traffic, quality of life for all involved. Need to have a traffic engineer develop a plan and parking for adjacent property owners will be a problem. Loves the community, police need a raise.

Connie Herrick resides at 950 South Hoover. Concerns: no to the apartments, traffic issues at Highway 52 and Highway 85.

**RECORD OF PROCEEDINGS**  
**FORT LUPTON CITY COUNCIL/ENTERPRISE BOARDS**  
**March 28, 2016**

Luke Johnson resides at 871 Hoover. Concerns: there are already 48 homes for sale in the community and know we want to add more homes. The proposed lots are smaller than other subdivisions within the community.

Staff addressed some of the concerns discussed in the public hearing; the city will complete a valid drainage design, will look at the traffic flows and address any sewer and storm sewer issues.

Councilmember Shannon Rhoda, feels the drainage issues needs to be addressed. She is not for the apartments and feels this needs to be addressed.

Councilmember Chris Cross understood this was a sketch plan, however; he would like the developer and staff to address the concerns brought up during the public hearing.

Councilmember Bob McWilliams would like the developer and staff to address the drainage issues, traffic issues and no apartments.

There being no further questions or comments, the public hearing was closed at 8:32 p.m.

It was moved by Chris Ceretto and seconded by David Crespino to approve Resolution 2016R014, A RESOLUTION OF THE CITY COUNCIL OF FORT LUPTON APPROVING THE FULTON VILLAGE SKETCH PUD PLAN FOR A PLANNED UNIT DEVELOPMENT LOCATED EAST AND ADJACENT TO S. FULTON AVENUE AND BETWEEN LONE PINE STREET AND KAHIL STREET IN A PORTION OF THE NORTHEAST QUARTER OF SECTION 7, TOWNSHIP 1 NORTH, RANGE 66 WEST OF THE 6TH P.M., COUNTY OF WELD, STATE OF COLORADO. Motion carried unanimously. Councilmember Zoe Stieber had recused herself from the meeting, so she was not part of the motion.

Mayor Holton requested a fifteen (15) minutes recess. The recess lasted for thirty (30) minutes and the meeting resumed at 9:02 p.m.

**AM 2016-054, Approve Water and Sewer Rate Increase**

Mayor Holton opened the public hearing at 9:03 p.m.

Leann Perino, Finance Director stated staff and the Finance/Utility Committee worked on the utility rate plan and recommends a rate increase on the water usage. The proposed rate increase for a household who uses 12,000 gallons of potable water for a month would only experience in increase of \$1.99 to their water charges each month. Based on the 2015 water usage the revenue in the Utility Fund would increase \$67,943 in water usage and \$19,304 in utility usage.

This public hearing is one of two required by the Fort Lupton Municipal Code. The proposed Resolution will be considered at the second hearing to be held on April 4, 2016.

There being no comments or questions, Mayor Holton closed the public hearing at 9:04 p.m.

**ACTION AGENDA**

**AM 2016-034, Approval of 2016 Windy Gap Assessment for an Amount not to Exceed \$114,386.88**

Annually the City is required to remit to Northern Colorado Water Conservation District funds to cover the City's cost per share for three (3) units of Windy Gap allotment. The assessment for 2016 is \$114,386.88 allocated from the Utility Fund.

It was moved by Chris Cross and seconded by Bob McWilliams to approve the Northern Colorado Water Conservation District Windy Gap assessment for an amount not to exceed \$114,386.88 allocated from the Utility Fund. Motion carried unanimously by a roll call vote.

**AM 2016-039, Award Engineering Design Contract for Highway 85/52 Beautification to J & T Consulting for an Amount not to Exceed \$30,730**

Roy Vestal, Public Works Director stated the proposed engineering request is from JT Consulting for preliminary information gathering and project design for the Highway 85/52 Beautification. The proposal received includes geotechnical investigation, survey of the intersection/bridge area, structural design, specifications, construction drawings and bidding services. The total engineering fees is not to exceed \$30,730.

It was moved by Zoe Stieber and seconded by Chris Ceretto awarding the engineering design contract to J&T Consulting for the Highway 85/52 Beautification Project for an amount not to exceed \$30,730, allocated from the Street Sales Tax Fund. Motion carried unanimously by a roll call vote.

**AM 2016-042, Award Contract to Utility Services Company, Inc. for \$100,000, From Utility Fund, Water Lines, Capital Project.**

Public Works has been chasing a black substance that shows up in the tap water of several residences in the Appel Subdivision and Coyote Creek Subdivision. The source of the substance has previously been ruled out as originating from the treatment plant and storage tank. Previous efforts to flush the lines in this area have not eliminated the substance.

Staff suspects the source may be a buildup within the water mains in this area. The appearance of the material began following the addition of the water pump operations for the high pressure zone. The added pressure, velocity in the pipes and resulting turbulence may be dislodging the material from a buildup in the pipes.

The ice pigging operations is a safe and efficient way to clean the pipes with minimal disruption to service. Valve exercising is an important annual maintenance requirement that has not been met in many years. We will additionally receive location coordinates and data for use in our GIS system.

A proposal of services was solicited from Utility Services Company, Inc. to provide ice pigging and valve exercising. The proposed company is the only contractor who does this type of service.

Utility Services Company has limited assets to perform this kind of work and provides service nationwide. They currently have assets in the area and can schedule the City's project within the next couple of months.

It was moved by Chris Cross and seconded by Zoe Stieber to award the contract to Utility Services Company for an amount of \$100,000, allocated from the Utility Fund, for the Water Lines Capital Project. Motion carried unanimously by a roll call vote.

**AM 2016-043, Redesignate Street Sales Tax Fund Budget Item 57500 Engineering 5<sup>th</sup> and Hoover to Engineering Denver Avenue South**

This request is to redesignate Sales Tax Fund Budget item from Engineering (\$60,000) for 5<sup>th</sup> and Hoover to Denver Ave South is requested to provide funding for the design of the full depth reclamation rehabilitation of Denver Avenue South to apply for DOLA funding grant for the project. Additional funding of \$41,917.00 is required for complete design services for this project

Roy Vestal, Public Works Director would like to have the time to get to know all of the streets and evaluate current conditions prior to continuing with the previous plan of overlaying the Hoover area. Staff feels there are other areas in town that are in worse condition than the Hoover Street area. Proper planning is required to ensure all anticipated utility work is complete and priorities are given to all areas in town to develop a comprehensive pavement management plan for Fort Lupton.

The Denver Avenue South project is required to provide a safe and functional travel way for the south developing area. Traffic counts can be expected to increase due to current development plans being processed by the city.

The City is submitting an application for a Tier II DOLA project funding in April 2016 as this is potentially the last year for a while with maximum funds available from the oil industry.

It was moved by Shannon Rhoda and seconded by Zoe Stieber to redesignate Street Sales Tax Fund Budget item 57500 from 5<sup>th</sup> Street and Hoover Avenue to engineering for South Denver Avenue and to award the professional services to Wohnrade Civil Engineers, Inc. and CTL Thompson and American West Surveying for an amount not to exceed \$101,917 and proceeding with the design portion of the project. Motion carried unanimously by a roll call vote.

**AM 2016-048, Authorize Payment to the Northern Colorado Water Conservancy District for Pipeline Operations and Maintenance for an Amount not to Exceed \$78,240**

Annually, the City is required to remit to Northern Colorado Water Conservancy District funds to cover our share of the operation and maintenance for the Southern Water Supply Pipeline. The share cost is estimated to be \$73,162.86.

It was moved by David Crespin and seconded by Chris Ceretto approving the payment of \$73,163 to Northern Colorado Water Conservancy District operations for the 2016 Southern Supply Pipeline Operation Assessment. Motion carried unanimously by a roll call vote.

**AM 2016-049, Coyote Creek Pavilion Upgrade**

Tyler Tarpley, Golf Pro, stated Coyote Creek uses the Pavilion to host large events. The interior of the Pavilion is unfinished and is essentially a garage. The Pavilion is a multi-use building which also houses the golf carts when not in use. The interior consists of beams and studs with very little electrical work and lighting as well as no way of cooling the interior temperature.

Hosting tournaments is by far the biggest revenue generator for the golf course. The condition of the Pavilion makes selling tournaments to prospective customers a very difficult sell.

The bid includes a contractor sealing all windows, providing sufficient electrical work for outlets and installing lighting, installing a swamp cooler with proper duct work to cool the interior, as well as finishing the walls and ceiling for better atmosphere.

City staff will need to run a connection to water from Clubhouse Drive to supply water to the building and will purchase the necessary light fixtures to be installed by the contractor separately to keep costs down. Staff will also work to purchase and install necessary A/V equipment for the building.

It was moved by Bob McWilliams and seconded by Chris Ceretto to approve Bruce K. Chain Construction Company to complete the interior portion of the golf course pavilion as described in the Request for Proposal. Motion carried unanimously by a roll call vote.

**AM 2016-050, North Lift Station PLC Replacement**

Staff indicated the PLC at the North Lift Station needs to be replace. This will allow remote access and control an upgrade to a more current PLC. The replacement will allow for better control of the lift station, as well as providing a base for future equipment additions and upgrade.

The old PLC is outdated and can no longer be upgraded, if the unit fails there would be no remote access to the lift station and there is also the possibility staff couldn't be contacted.

The 2016 Budget 25,000 was budgeted for the Capital Purchasing Budget under the utility fund for the purchase of the North Lift Station PLC.

It was moved by Zoe Stieber and seconded by Chris Cross to authorizing the purchase of two replacement samplers from Alpine Controls of Brighton, for a cost not to exceed \$4,430. Motion carried unanimously by a roll call vote.

**AM 2016-051, Addition of a UV Organics Probe and a PH Probe for the Headworks of Wastewater Treatment Plant to Monitor Influent Constituents**

Staff indicated by adding this instrumentation it would allow the plant personnel to monitor for illegal discharges and to better control the process. In addition, the information gathered with this equipment will assist in the future upgrades of the facility by providing loading data to the engineer who is selected for the upgrade process.

**RECORD OF PROCEEDINGS**  
**FORT LUPTON CITY COUNCIL/ENTERPRISE BOARDS**  
**March 28, 2016**

In the 2016 Budget \$25,000 was approved for this project.

It was moved by Bob McWilliams and seconded by Zoe Stieber to approve the purchase of a UV Organics probe and a PH Probe from Hach Company of Loveland for an amount not to exceed \$21,237, allocated from the Utility Fund. Motion carried unanimously by a roll call vote.

**AM 2016-052, Authorize the Purchase of TY-1000 from Chemquest, Inc. for the City of Fort Lupton Water System for an Estimated Amount of \$72,037.50**

As part of the treatment process for Corrosion Control in the City of Fort Lupton Water System an addition of a proprietary chemical is being used as the means of obtaining this corrosion control treatment. The proposed product reduces the amount of lead and copper that reaches our customers taps. This purchase is necessary to continue reducing lead and copper levels and to help our water system continue to meet our approved water treatment plan.

In order to supply the necessary additive to the City of Fort Lupton water system, it is necessary to purchase the product, RY-1000 from Chemquest, Inc., the supplier for this proprietary chemical. This is a Zinc Polyphosphate blend that the city selected as the best option to obtain the necessary corrosion control within the city water distribution system.

Corrosion Control is a part of the Lead & Copper Rule and is mandated by both the Colorado Dept of Health & Environment and USEPA Region 8. This rule concerns lead and copper levels in customer homes and the water system's requirement to provide no corrosive water to our customers, in an effort to minimize lead or copper leaching out of plumbing lines that exist in each residence.

In the 2016 Budget \$73,000 was allocated in the Utility Fund.

It was moved by Zoe Stieber and seconded by Chris Ceretto to approve the purchase of RY-1000, from Chemquest, Inc. for an amount not to exceed \$72,037.50, allocated from the Utility Fund. Motion carried unanimously by a roll call vote.

**STAFF REPORTS**

Motion carried by a roll call vote. Motion carried unanimously.

**PUBLIC HEARING**

**AM 2016-072, Approving the Application for a Retail Liquor License – Jack's Beer and Spirits – 417 Denver Avenue**

Mayor Holton opened the public hearing at 7:01p.m.

**RECORD OF PROCEEDINGS**  
**FORT LUPTON CITY COUNCIL/ENTERPRISE BOARDS**  
**May 2, 2016**

City Clerk Nanette Fornof, indicated the application was received March 4, 2016; the applicant needed to provide additional information which was received the end of March. Per Colorado State Statute the applicant hearing can't be set less than 30 days after a complete application. The application has been reviewed; background check has been completed on the applicant. The property was posted and no comments were filed with the City Clerk regarding this application.

State Statute also states the applicant is to produce evidence supporting the "needs and desires" of the neighborhood. The neighborhood was defined as the entire municipality. The applicant has chosen to submit petitions as evidence of support. A map was provided to Council, labeling the addresses of signatures. The petition allowed the signer to state whether they are in favor or against an additional retail liquor establishment in the city. Currently, there are three other Retail Liquor Licenses located within the City limits.

Council needs to consider the character, reputation or record of the applicant prior to granting a liquor license. The applicant's fingerprints were submitted to the Colorado Bureau of Investigations. Results were received and the applicant had a "petty theft" on his record. The State's regulation don't provide any tests to determine "good character and reputation", however the applicant's offense was dated April 9, 1995 and the applicant submitted a letter describing the disposition of the charge. There have been no additional violations. The applicant doesn't currently hold a liquor license.

The proposed establishment meets all other state liquor licensing requirements and the application has been submitted to the Planning Department for review.

The applicant Harnam Singh and his attorney Kris Hoeltgen presented information supporting knowledge of owning a retail liquor licensing. Mr. Singh has owned three liquor stores. Mr. Singh has also worked for several retail liquor stores. Mr. Singh indicated all of his employees will be given TIPS training which is provided by alcohol distributors. The last item of discussion was the "petty theft" charge on his record, which wasn't disclosed on his application. Mr. Singh described the situation, paid the fine and the disposition of the situation. City Attorney Andy Ausmus asked why he hadn't disclosed this charge in his application. Mr. Singh was under the impression the violation "fell" off his record after 10 years and this violation was 21-years ago. Mr. Singh also stated there were no other violations that had not been reported to the Council.

Councilmember Ceretto inquired about the number of signatures submitted as evidence for the "needs and desires" of the neighborhood. It was stated the applicant has the burden to prove the "needs and desire" of the neighborhood; Mr. Singh did this by petition and did a very good job of completing the cross sections of the City.

There being no further comments or questions from Council or the audience, Mayor Holton closed the public hearing at 7:13 p.m.

It was moved by Zoe Stieber and seconded by David Crespin to approve the Retail Liquor License for Jack's Beer and Spirits. Motion carried unanimously by a roll call vote.

**ACTION AGENDA**

**AM 2016-069, Purchase Tyler Technology Software for Finance, Planning and Courts for an Amount not to Exceed \$279,605**

The Caselle software being used for courts is the same software purchased in 2002 with very few upgrades. The software does not meet the State reporting requirements and Caselle has no plans to upgrade the software. Tyler software tracks all the necessary data and will allow electronic reporting to the Department of Motor Vehicle. With Tyler's online payment system, the citizens can pay penalty assessment summons easier.

The planning, zoning compliance and building department is not currently using a tracking software for violations, permitting or land use applications. The Tyler software will increase productivity within the department and give us the ability to tie all zoning compliance actions, building permits and land use applications with other departments within the City using the Tyler software.

The finance software from Tyler will integrate with the court and planning software. It will also automate some of the manual process being used currently. The utility billing module has an integrated online payment system and a notification system for past due bills.

It was stated there was \$40,000 budgeted in the general fund to purchase court software. The Tyler Technologies court software will cost \$40,537 which includes travel costs for Tyler Tech employees to travel to Fort Lupton. The \$223,318 purchase of new finance and planning software and \$15,750 in data conversion is unbudgeted and will require a supplemental budget resolution. Travel costs for the finance and planning software implementation have not been included in the cost of the software.

The annual maintenance is estimated to be \$27,000 for finance and \$5,000 for courts.

It was moved by Zoe Stieber and seconded by Chris Cross to approve the purchase of Tyler Technology Software for an amount not to exceed \$279,605. Motion carried unanimously by a roll call vote.

**AM 2016-070, Award Contract to DR Horton for Curb/Gutter/Sidewalk for an Amount of \$100,000**

As agreed to with DR Horton, the City is responsible for repairing existing pavement and sidewalks in Coyote Creek Filing Nos. 2 and 3.

DR Horton was directed to provide estimate of required repairs. DR Horton will schedule repairs to coincide with completion of areas of home construction. Sidewalks will not be repaired until after heavy equipment use is completed.

**RECORD OF PROCEEDINGS**  
**FORT LUPTON CITY COUNCIL/ENTERPRISE BOARDS**  
**May 2, 2016**

DR Horton provided reasonable costs using unit prices from Colorado Concrete Construction (the City's usual vendor). Scheduling of city contracting would not allow for initial completion in a timely manner for pending home closures.

It was moved by Chris Cross and seconded by Chris Ceretto awarding the contract to DR Horton for curb/gutter/sidewalk repair/replacement for an amount not to exceed \$100,000 allocated from the Street Sales Tax Fund. Motion carried unanimously by a roll call vote.

**STAFF REPORTS**

**Claud Hanes** City Administrator stated the 14<sup>th</sup> Street Project is almost completed. Should be completed in the next couple of weeks.

**City Clerk** Nanette Fornof indicated the City has completed the 4<sup>th</sup> year of records management and destroyed approximately 70 boxes of documents.

**Leann Perino** Finance Director stated the Windy Gap project is ready for the design phase. This should begin next year.

**Ken Poncelow** Chief of Police invited the Council to attend the Chamber Business After Hours event, to be held on May 6, 2016. The night will be filled with lots of activities, such as felony traffic stops, and building security.

**APPROVE ORDINANCE 2016-xxx AMENDING CHAPTER 9, ARTICLE I, SECTION 9-9 FEES OF THE FORT LUPTON MUNICIPAL CODE.**

- I. **Agenda Date:** Council Meeting – May 16, 2016
- II. **Attachments:**
  - A. Ordinance 2016Rxxx
  - B. Proposed changes to Section 9-9
- III. **Issue/Request:**

*The attached ordinance proposes certain amendments to Section 9-9 of the Municipal Code to ensure that fees related to oil and gas development within the City are being properly charged to applicants submitting oil and gas permit applications. The attached ordinance proposes a change to Section 9-9 to require a fee deposit for the review and processing of oil and gas permit applications. Section 9-9(a) of the Code also cites an annual operation fee that should be removed, as it has not been enforced. Finally, Section 9-9(b) of the Code currently referenced building permit fees as required by the Building Code of the City. This reference is incorrect and the City Building Permit Fee Schedule under Section 18-7 of the Code is the correct authority for requiring building permit fees. Section 9-9 has been amended to reflect this correction.*

*These changes are further clarified in Section VIII of this Action Memorandum and the attached redline of the proposed changes.*

**VIII. Detail of Issue/Request:**

*The attached ordinance proposes certain amendments to Section 9-9 of the Municipal Code to ensure that fees related to oil and gas development within the City are being properly charged to applicants submitting oil and gas permit applications. The proposed changes are as follows (and are also identified on the redline attached to this Action Memorandum):*

*Section 9-9 currently does not require a fee deposit for oil and gas permit applications. Staff has determined a need to require a fee deposit to cover the actual cost of staff time and professional or consulting services rendered in connection with the review of the proposed application for a permit, plus fifteen percent to cover administrative overhead. A fee deposit is also necessary to cover the cost for inspection, public notification, and other activities of the City and its agents incurred in processing an oil and gas permit application. Because there is not currently a fee deposit agreement required by the City, these costs are being expensed by the City.*

*Additionally, Section 9-9(a)(1) requires an annual operations fee that is not currently enforced by the City. Staff has amended the Code to remove this fee requirement.*

*Finally, Section 9-9(b) of the Code currently referenced building permit fees as required by the Building Code of the City. This reference is incorrect and the City Building Permit Fee Schedule under Section 18-7 of the Code is the correct authority for requiring building permit fees. Section 9-9 has been amended to reflect this correction.*

**IX. Alternatives/Options:**

*The City Council has the following three options:*

- a) Approve the proposed ordinance.*
- b) Deny the proposed ordinance.*
- c) Delay action on the ordinance to gather more information.*

**X. Financial Considerations:**

*This change to Section 9-9 of the Municipal Code will resolve the issue of the City covering costs related to an oil and gas permit application.*

**XI. Legal / Political Considerations:**

*Currently, zoning-related applications are required to submit a fee deposit to cover costs related to an application that falls under Chapter 16 of the Municipal Code. Amending the Municipal Code to require an oil and gas permit application submit a fee deposit as well resolves an inequity that currently exists in the Code.*

**XII. Staff Recommendation:**

*Approve Ordinance 2016Rxxx amending Article I, Chapter 9, Section 9-9 of the Municipal Code.*

ORDINANCE NO. 2016-xxx

INTRODUCED BY: xxx

AN ORDINANCE OF THE CITY OF FORT LUPTON, COLORADO AMENDING CHAPTER 9, ARTICLE I, OF THE FORT LUPTON MUNICIPAL CODE TO REQUIRE A FEE DEPOSIT FOR OIL AND GAS PERMIT APPLICATIONS

NOW THEREFORE, BE IT ORDAINED BY THE CITY COUNCIL OF THE CITY OF FORT LUPTON, COLORADO, AS FOLLOWS:

WHEREAS, the Fort Lupton Municipal Code currently does not require a fee deposit for the review and processing of an oil and gas permit application; and

WHEREAS, City Council finds that Section 9-9(a) of the Code shall be amended to remove the requirement that applicant submit an annual operations fee, as said fee has not been enforced by the City; and

WHEREAS, City Council finds that Section 9-9(a) shall be further amended to require a fee deposit for the review and processing of oil and gas permit applications to prevent costs related to an oil and gas permit application being expensed to the City; and

WHEREAS, City Council further finds that Section 9-9(b) of the Code related to building permit fees should be amended to correctly reference the authority provided under the Code for calculating and charging building fees; and

WHEREAS, City Council finds that Section 9-9(c) of the Code does not require an amendment; and

WHEREAS, City Council deems it necessary to repeal and amend certain Sections of Chapter 9, Article I of the Fort Lupton Municipal Code; and

NOW THEREFORE, BE IT ORDAINED BY THE CITY COUNCIL OF THE CITY OF FORT LUPTON, COLORADO:

Section 1: Chapter 7, Article I, Section 9-9(a) of the Fort Lupton Municipal Code is hereby repealed and reenacted to read as follows:

**Section 9-9. Fees.**

(a) Review fees. The applicant shall be responsible for payment of application fees as adopted by the City Council, and for payment of reasonable fees to cover the actual costs of administration, professional and consulting services, inspection, public notification, and other activities of the City and its agents incurred in processing an oil and gas application. Payment of fees shall be as follows:

1. Application fees. Every applicant shall pay a nonrefundable application fee set by resolution of the City Council to cover administrative costs to the City upon submission of his or her application for a permit.
2. Fee deposit. In addition to the application fee, the applicant shall submit a fee deposit to the City for the actual cost of staff time and professional or consulting services rendered in

connection with the review of the proposed application for a permit, plus fifteen percent (15%) to cover administrative overhead. Professional or consulting services include, but are not limited to legal, planning and engineering services. The fee deposit will also cover costs of administration, inspection, public notification, and other activities of the City and its agents incurred in processing an oil and gas application. The City may require a deposit from applicants to offset the City's costs for review prior to consideration of any application submittal pursuant to this Chapter. The City may also require a deposit of additional fees during the consideration of an application for a permit in the event that actual costs plus overhead exceed the original deposited amount. The City may not process or continue to process an application for a permit and may not approve an application unless sufficient fees have been deposited to cover such costs. Any fees paid that are remaining on deposit with the City after paying the City's actual costs plus overhead shall be refunded to the applicant upon completion or termination of the application process.

3. Payment of application fees. Submittal, invoicing, and payment of application fees shall be as identified in Section 16-1.1(b)(3)-(7) of the Code.

(b) Building permit fees. A building permit fee shall be charged for the erection, construction or relocation of any permanent building, tank or other structures herein included, and such fee shall be as required by the City Building Permit Fee Schedule under Section 18-7 of the Code.

(c) Paving cuts. When it shall become necessary in the installation or removal of any pipeline, temporary line, flow line or conduit of any kind, to make cuts in any paved streets, alleys, highways, parking and sidewalk areas or any other property owned privately or by the City, the operator shall be required to restore said areas in accordance with the City's standards at his or her expense. In addition, the operator shall pay inspection fees for opening the pavement in the amount set by resolution of the City Council. Paving cut inspection fees shall be paid in advance of cuts being made.

Section 3: SEVERABILITY. If any part, section, subsection, sentence, clause or phrase of this ordinance is for any reason held to be invalid, such invalidity shall not affect the validity of the remaining sections of the ordinance. The City Council hereby declares that it would have passed the ordinance including each part, section, subsection, sentence, clause or phrase thereof, irrespective of the fact that one or more parts, sections, subsections, sentence, clauses or phrases be declared invalid.

Section 4. REPEALER. All ordinances or resolutions, or parts thereof, in conflict with this ordinance or any part hereof are hereby repealed to the extent of such inconsistency or conflict. The repeal or modification of any provision of any prior ordinance by this ordinance shall not release, extinguish, alter, modify or change in whole or in part, any penalty, forfeiture or liability, either civil or criminal, which shall have been incurred under such provision, and each provision shall be treated and held as still remaining force for the purpose of sustaining any judgment, decree or order which can be rendered, entered or made such actions, suits, proceedings or prosecutions.

**Sec. 9-9. Fees.**

(a) Review fees. The applicant shall be responsible for payment of application fees as adopted by the City Council, and for payment of reasonable fees to cover the actual costs of administration, professional and consulting services, inspection, public notification, and other activities of the City and its agents incurred in processing an oil and gas application. Payment of fees shall be as follows:

1. Application and operation fees. Every applicant shall pay a nonrefundable application fee set by resolution of the City Council to cover administrative costs to the City upon submission of his or her application for a permit. Upon receipt of a permit and each year thereafter, the operator shall pay an annual operation fee set by resolution of the City Council payable within thirty (30) days after each anniversary date of such permit.

2. Fee deposit. In addition to the application fee, the applicant shall submit a fee deposit to the City for the actual cost of staff time and professional or consulting services rendered in connection with the review of the proposed application for a permit, plus fifteen percent (15%) to cover administrative overhead. Professional or consulting services include, but are not limited to legal, planning, and engineering services. The fee deposit will also cover costs of administration, inspection, public notification, and other activities of the City and its agents incurred in processing an oil and gas application. The City may require a deposit from applicants to offset the City's costs for review prior to consideration of any application submittal pursuant to this Chapter. The City may also require a deposit of additional fees during the consideration of an application for a permit in the event that actual costs plus overhead exceed the original deposited amount. The City may not process or continue to process an application for a permit and may not approve an application unless sufficient fees have been deposited to cover such costs. Any fees paid that are remaining on deposit with the City after paying the City's actual costs plus overhead shall be refunded to the applicant upon completion or termination of the application process.

(a)3. Payment of application fees. Submittal, invoicing, and payment of application fees shall be as identified in Section 16.1.1(b)(3)-(7) of the Code.

(b) Building permit fees. A building permit fee shall be charged for the erection, construction or relocation of any permanent building, tank or other structures herein included, and such fee shall be as required under by the Building Code of the City City Building Permit Fee Schedule under Section 18-7 of the Code.

(c) Paving cuts. When it shall become necessary in the installation or removal of any pipeline, temporary line, flow line or conduit of any kind, to make cuts in any paved streets, alleys, highways, parking and sidewalk areas or any other property owned privately or by the City, the operator shall be required to restore said areas in accordance with the City's standards at his or her expense. In addition, the operator shall pay inspection fees for opening the pavement in the amount set by resolution of the City Council. Paving cut inspection fees shall be paid in advance of the cuts being made. (Ord. 97-701)

**IX. Detail of Issue/Request:**

*City of Fort Lupton approved the purchase of new software(s) for finance, court, and planning. This approval was for the software Tyler Technologies but did not include hardware. Servers are needed to run the software(s), which were approved.*

**X. Legal/Political Considerations:**

*Not Applicable*

**XI. Alternatives/Options:**

- 1. Agree to purchase the hardware*
- 2. Do not purchase hardware*

**XII. Financial Considerations:**

*This agenda item is an unfunded budgeted expenditure which will require a supplemental resolution to the General Fund.*

**XIII. Staff Recommendation:**

*Recommend the purchase of the hardware needed to run the Tyler Technologies software(s). This would be two Dell servers to order from Dell.*

## Important Notes

### Terms of Sale

This quote is valid for 30 days unless otherwise stated. Unless you have a separate written agreement with Dell that specifically applies to this order, your order will be subject to and governed by the following agreements, each of which are incorporated herein by reference and available in hardcopy from Dell at your request:

If this purchase is for your internal use only: Dell's Commercial Terms of Sale (<http://www.dell.com/CTS>), which incorporate Dell's U.S. Return Policy ([www.dell.com/returnpolicy](http://www.dell.com/returnpolicy)) and Warranty ([www.dell.com/warrantyterms](http://www.dell.com/warrantyterms)).

If this purchase is intended for resale: Dell's Reseller Terms of Sale ([www.dell.com/resellerterms](http://www.dell.com/resellerterms)).

If this purchase includes services: in addition to the foregoing applicable terms, Dell's service contracts and related service terms ([www.dell.com/servicecontracts/global](http://www.dell.com/servicecontracts/global)).

If this purchase includes software: in addition to the foregoing applicable terms, your use of the software is subject to the license terms accompanying the software, and in the absence of such terms, then use of the Dell-branded application software is subject to the Dell End User License Agreement - A Version ([www.dell.com/AEULA](http://www.dell.com/AEULA)) and use of the Dell-branded system software is subject to the Dell End User License Agreement - S Version ([www.dell.com/SEULA](http://www.dell.com/SEULA)).

You acknowledge having read and agree to be bound by the foregoing applicable terms in their entirety. Any terms and conditions set forth in your purchase order or any other correspondence that are in addition to, inconsistent or in conflict with, the foregoing applicable online terms will be of no force or effect unless specifically agreed to in a writing signed by Dell that expressly references such terms.

### Pricing, Taxes, and Additional Information

All product, pricing, and other information is valid for U.S. customers and U.S. addresses only, and is based on the latest information available and may be subject to change. Dell reserves the right to cancel quotes and orders arising from pricing or other errors. Please indicate any tax-exempt status on your PO, and fax your exemption certificate, including your Customer Number, to the Dell Tax Department at 800-433-9023. Please ensure that your tax-exemption certificate reflects the correct Dell entity name: **Dell Marketing L.P.** Note: All tax quoted above is an estimate; final taxes will be listed on the invoice. If you have any questions regarding tax please send an e-mail to [Tax\\_Department@dell.com](mailto:Tax_Department@dell.com).

For certain products shipped to end-users in California, a State Environmental Fee will be applied to your invoice. Dell encourages customers to dispose of electronic equipment properly.

VII. **Attorney Reviewed** \_\_\_\_\_ Approved \_\_\_\_\_ Pending Approval

VIII. **Certification of Council Approval:** \_\_\_\_\_ City Clerk \_\_\_\_\_ Date

**IX. Detail of Issue/Request:**

Parks storage building to be constructed at the wastewater treatment plant. This building will be used by the Parks and Grounds Department for storage of City of Fort Lupton's lawn maintenance equipment and provide equipment support to Pearson Park and the construction of the South Platte Trail. Six bids were received by the city with the lowest being Dan's Custom Construction, Inc. at \$23,000.00. The building will be 26' x 24' x 10', 8' x 16' garage door with a garage door opener. It will also have a "man door" and windows to supply ambient light to the building. Building with have electrical (3- 110v and 1- 220v outlets, 2- 8' fluorescent shop lights) installed to supply power to air compressor and other maintenance equipment. The foundation will be poured on top of an existing foundation due to the flood way issues that affect the area from the Platte River and how it was previously mapped. The storage building shall not exceed \$25,000.00.

**X. Legal/Political Considerations:**

*None*

**XI. Alternatives/Options:**

- Not Approved - continue to haul the lawn maintenance equipment to support Pearson Park, South Plate Trail and the lawn equipment could suffer weather damage.
- Approved – Dan's Custom Construction to build the storage shed to store lawn equipment.

**XII. Financial Considerations:**

This project was budgeted for \$25,000.00 in the General Fund.

**XIII. Staff Recommendation:**

The staff recommends that Dan's Custom Construction, Inc. be awarded the project to build the Parks and Grounds Storage Shed not to exceed \$25,000.00.

- I. In accordance with purchasing procedures of the City of Fort Lupton, the Council will give preference to residents of the City of Fort Lupton in all cases where said bids are competitive in price and quality. It is also understood that the Council of the City of Fort Lupton will give preference to suppliers from the State of Colorado, in accordance with Section 30-11-110, CRS, when it is accepting bids for the purchase of any books, stationery, records, printing, lithographing or other supplies for any officer of the City.
- J. All discounts shall be figured from the date of delivery and acceptance of the articles, or in the case of an incorrect invoice, from the date of receipt of corrected invoice, if this be subsequent to delivery and acceptance.
- K. Substitutions or modifications to any of the terms, conditions, or specifications of this bid package which are made by the City of Fort Lupton, after the bids have been distributed to prospective bidders, and prior to the date and time of bid opening, will be made in writing and signed by Finance Director. No employee of the City of Fort Lupton is authorized in any way to modify any of the terms, conditions, or specifications of this bid without written approval of said Finance Director. This is not to imply that bids will not be accepted or considered with specifications which are different from those herein. Any item which does not meet all the terms, conditions, or specifications of this bid, must be clearly indicated on a separate sheet of paper, attached to the bid specification and proposal sheets and returned with the bid.
- L. The successful bidder shall indemnify and hold harmless the City of Fort Lupton, against all claims for royalties, for patents or suit for infringement thereon, which may be involved in the manufacture or use of the material to be furnished.
- M. All goods shall remain the property of the seller until delivered to and accepted by the City of Fort Lupton.
- N. Bids received prior to the time of opening will be kept unopened in a secure place. No responsibility will attach to the Finance Director for the premature opening of a bid not properly addressed and identified.
- O. In submitting the bid, the bidder agrees that the acceptance of any and all bids by the Council of the City of Fort Lupton within a reasonable time or period constitutes a contract. The Fort Lupton City Council, reserves the right to reject any and all bids, to waive any informalities in bids, and to accept the bid that, in the opinion of the Council, is to the best interests of the Council and of the City of Fort Lupton.
- P. No delivery shall become due or be accepted unless a purchase order shall first have been issued by the Finance Director. It is understood that it is necessary for all invoices to be made out to the City of Fort Lupton, not to the Department securing the merchandise. All invoices should be sent to: Fort Lupton Finance Department, 130 South McKinley Avenue, Fort Lupton, CO 80621.
- Q. These instructions, the proposal forms, and specifications have been developed with the hope of raising the standard of purchasing negotiations to a level wherein all transactions

IV. DEFINITIONS

- A. "Standard": When the word "standard" is used in the specification to describe an item of equipment or in assembly, it shall be construed to mean that item or assembly so described shall be the latest regular product of the manufacturer thereof, identified by a model or other designation, without the modification or omission of any of its usual parts or the substitution of others therefore, except as hereafter specified, details, capacities and ratings, conforming in every respect to the said manufacturer's catalog or other printed matter describing the item or assembly. Standard subassemblies, accessories, fittings, and finishes shall be construed to be those which are regularly furnished as part of the principle unit or assembly and included in the selling price thereof.
- B. "Reputable Manufacturer": A manufacturer who has been engaged in the business of fabricating the equipment specified for a reasonable period of time prior to the date set for opening of bids and who can demonstrate to the satisfaction of the City of Fort Lupton that said manufacturer has successfully installed equipment of the type proposed to be furnished in at least three (3) instances and the performance of such equipment has been satisfactory. Manufacturers having been engaged in the business of manufacturing said equipment for a period of two (2) year prior to the date affixed for opening bids shall, prima facie, be deemed to have been engaged in such business a reasonable length of time.
- C. "Or Equal": The specific equipment mentioned shall be understood as indicating the type, function, minimum standard of design, efficiency, and quality desired and shall not be construed in such a manner as to exclude manufacturer's equipment of comparable quality, design, and efficiency.

V. GENERAL SPECIFICATIONS, CONDITIONS AND INFORMATION

- A. Design: Any equipment to be purchased shall be the manufacturer's latest model of production. Said equipment shall be of superior quality and suitable to the use for which it is intended. The technical design shall be in line with the best practice in the industry and the materials and workmanship entering into the construction shall be of the kinds and qualities which will ensure long life, dependability, and low cost of maintaining and repairing.
- B. Pre-delivery Service: Office equipment is to be delivered, as directed, unpacked, assembled, cleaned and adjusted for immediate use at a location designated by the Finance Director of the City of Fort Lupton. Motor vehicles and other items of equipment shall be ready for immediate use at the time of delivery to a designated location. The equipment shall be clean and all instruments properly adjusted. The inflation of tires must be checked, lubrication completed, the crank case checked for proper oil level, and any other servicing normally provided by dealers shall be performed. Operating and maintenance manuals shall be provided at the time of delivery. Parts and price lists shall be included when special equipment is purchased or when requested by the City of Fort Lupton.
- C. Acknowledgment and Delivery Schedule of Initial Order: Time is of the essence. Delivery

## **FTL201604- Pearson Park Storage Building Addendum**

The following information is intended to clarify the original RFP posted on Rocky Mountain E-Purchasing resulting from questions that were asked at the mandatory pre-bid meeting on 3/4/16. The following information should be included in your final estimate/bid package:

- The storage building shall be 24' x 24' with 10' tall sidewalls and a 4/12 pitched gable roof. The steel's thickness should be 24 gauge.
- Post frame construction is sufficient with a 4" concrete slab. The building must be designed and engineered by the contractor and meet the manufacturer's specifications. The City will clear a 24' x 24' area for the building, but the contractor will be responsible for fine tuning the area as needed.
- The 16' x 8' garage door requires windows and an electric garage door opener.
- The 3' x 6'8" man door should have a window and be located on the side of the building.
- The City will take care of running power from the overhead power line to the meter box on the back of the building. Contractor shall install electrical in the building and complete the connection to the meter. The building should have 3 – 110v outlets and 1 – 220v outlet.
- The building should have 2 - 8' florescent shop lights installed on the ceiling.
- At the pre-bid meeting, we discussed the installation of electric heat. After significant consideration, the City is choosing **NOT** to add the installation of a heater to this RFP.
- The building's walls should be insulated.
- A geotechnical study report is not required.
- The contractor is responsible for obtaining a City of Fort Lupton Contractor's License (\$150) and must pull a building permit (permit fees are intended to be waived upon approval from the Planning Director and/or City Council).
