

COME PAINT YOUR FUTURE WITH US

Historic Preservation Board Reconnaissance Survey of Residential Properties

Members of the Fort Lupton Historic Preservation Board, a volunteer group with the City, will be studying (or surveying) residential properties within the City that are 50 years old or older. This information will be used in order to keep a record of the type of residential properties the City has, including architectural styles, construction materials used, door and window types, etc. Any significant historic background on the properties will also be collected, including people who may have resided at a residence that have a historic significance to the City or if a historic event took place at the home.

This study will not require any property owner to designate their property or require any changes to their property. Volunteers will conduct the survey only from public sidewalks, streets and alleys and are not permitted to access any private property without an owner's permission.

If you have any information on your property that you think may be significant and should be included in our survey, please let us know. You can either contact Alyssa Knutson at 720.466.6128 or aknutson@fortlupton.org or let one of the Historic Preservation Board volunteers know.

For more information on the Historic Preservation Board and this reconnaissance survey, please visit <http://www.fortlupton.org/424/Historic-Preservation>.
